Century sabe la importancia de la elección de un sofá.

Y es precisamente por eso que decidimos repensar este proceso. Transformamos todos aquellos atributos técnicos (y aburridos) que nadie entiende en tres indicadores simples, que resumen todo lo que necesita saber para encontrar su sofá:

living o home

Es esencial saber en qué ambiente se colocará el sofá. Los productos con la característica "living" son ideales para salas de estar, áreas de recepción y lobbies. Los productos "home", por otro lado, están diseñados para salas de TV y ambientes más relajados. Por último, los productos intermedios son versátiles y se adaptan a varios ambientes.

Sofá Rio de Janeiro | Living

Sofá Rivage | Home

sentarse recto o relajado

Para cada momento hay una comodidad ideal y una manera de sentarse. Los productos con asiento "recto" están diseñados para los ambientes más formales, donde es importante mantener una postura más "comportada". Los productos con el asiento "relajado" están diseñados para una mayor comodidad para estar "a gusto" y relajado, ideal para salas de TV.

Sofá Villach | Sentarse recto

Sofa Tura | Sentarse Relajado

aliñado o desaliñado

Además de la comodidad y la forma de sentarse, es importante pensar en el acabado ideal de su sofá. Los sofas "aliñados" tienen un acabado más alineado y rectilíneo siempre "ordenado". Por otro lado, los productos "desaliñados" son más "esponjosos" con un acabado ondulado, lo que refuerza la calidez y la comodidad del producto.

Conforto EasyFit.® Assento fixo com detalhe de costura em pesponto duplo. Encosto solto com detalhe de costura em pesponto duplo. Almofada decorativa solta 55x55cm, pés em borracha na cor preta.

Observações Especiais do Modelo: Os assentos abaulados em suas lateriais, fazem com que módulos de encosto com o tamanho exato do assento apresentem aberturas indesejadas. Assim sendo, indica-se encostos com medidas no mínimo 20cm menores que o assento onde serão posicionados.

Para o módulo ASS ARRED, indica-se, quando o encosto for usado no sentido do comprimento do assento, um encosto de no mínimo 60 cm de comprimento a menos que o comprimento do assento.

Medidas podem apresentar leves variações. Nos reservamos o direito de efetuar alterações sem consulta prévia.

EasyFit® Comfort. Fixed seat. Loose backrest. 55x55cm loose decorative cushion, black rubber feet.

Special Notes from the Model: The curved seats on their sides cause backrest modules with the exact size of the seat to have unwanted openings. Therefore, we recommend backrests with measurements at least 20 cm smaller than the seat where they will be positioned.

For the ASS ARRED module, when the backrest is used in the direction of the length of the seat, a backrest of at least 60 cm less than the length of the seat is indicated.

Measures may vary slightly. We reserve the right to make changes without prior consultation.
*For more information, see our Comfort Guide.

Confort EasyFit®. Asiento fijo. Respaldo suelto. Cojín decorativo suelto 55x55cm, patas de goma negra.

Observaciones Especiales del Modelo: Los asientos curvados en sus lados hacen con qué los módulos de respaldo con tamaños exactos de asiento presenten aberturas indeseables. Así, es indicado respaldos con medidas mínimas 20cm menores que el asiento onde va a ser posicionado.

Para el módulo ASS ARRED, cuando el respaldo se utiliza en la dirección de la longitud del asiento, se indica un respaldo de al menos 60 cm menos que la longitud del asiento.

Las medidas pueden variar un poco. Nos reservamos el derecho de realizar cambios sin previa consulta.
